

HTML STYLES - CSS

In my website I used external css to put styles on my website:

Html code:

```
8 <link rel="stylesheet" href="styles.css">
```

Sample CSS code:

```
Go Run Terminal Help WEBSITE FINAL PR
# styles.css x contact.html # responsive.css JS js.js
styles.css > top10-img

/*HOMEPAGE*/
.home-content{
  margin: 0 80px;
  display: flex;
  z-index: 0;
  text-align: center;
  justify-content: center;
}

.home-text{
  color: #163020;
  text-align: left;
}

.home-text h1{
  padding-top: 80px;
  font-size: 50px;
}

.home-img{
  width: 605px;
  bottom: 0;
}

.learnmore-button{
  padding: 10px 20px;
  font-weight: bold;
  margin-top: 0;
  border: 1px solid #163020;
}
```

Result:
